| B) 2007 2 nd Place Silicon Valley | |

Board Member:

1. 2007-2005 Newark Soccer Club Competitive Director designed and implemented an educational and training programs for coaches and players.
2. 2004-2003 Newark Soccer Club Recreational Director. During these two years I implemented coaching and player training sessions in order to improve our player development as well as the relationship between Recreational and Competitive coaches and players. Training sessions were run by competitive coaches.
3. 2002-2001 I was Board member for Fremont and run the in house Directors Cup. Also in 2002 I was responsible for getting coaches for U7-U12 boys in girls.

Coaching Instructor:

1. Currently I'm an instructor for CYSA and have licensed many coaches from our local area from the "F" to the E/D coaching course..
2. Also I'm very supportive of player development that back in April of 2003 I wrote an article about it and was published twice in CYSA Soccer California Magazine.

As I continue the pursuit of knowledge and interaction with players, coaches, parents and youth organizations, hopefully we can change to a more supportive on and off the field soccer culture.
